"Ant Play is new and promising software designed to create easy access to play great games on the devices customers already own and love. The users will be benefited with the best configuration at the minimum subscription price," said **Himanshu Jain, Founder, Ant Play**.

Any Game, Any Configuration, Any Budget!

While other services in the field offer one plan solution only **Ant Play** offers two predefined configurations at launch with one based on a quad core CPU and GTX 1660 and another based on an octa-core CPU and RTX 3060. Users can choose the configuration and pay for intervals ranging from as small as 7 days to a full month giving the highest level of transparency to the subscribers so they can choose what fits their needs, requirements, and budgets. Since the services start from as low as Rs. 999, Ant Play is definitely on the affordable side considering the current situation of graphics card pricing.

Availability

Ant Play is live and one can purchase the plan of their choice from their official website. Once a purchase is made a unique user ID and password would be sent to the user within 48 hours post which they can start using their cloud desktop.

About Ant Play

Ant Play is a leading innovator in the field of cloud gaming backed up by a team of professional gamers, engineers and enthusiasts that collectively bring decades of experience to the table. It is aimed to make high end computing power more affordable and accessible to everyone in the country while giving a boost to the gaming culture, especially eSports.
